## 1. Chapter 1: Dead on Arrival Level Caboose

\*\*Halo 3 Screwed Up Version\*\*

\*\*Chapter 1: Dead On Arrival Level Caboose\*\*

\_Halo my friends! My name is NeptinTheSangheili. How are you? I is great! I finally found the script thanks to the pennname:TkeleChoG.\_

\_Thanks man I owe you one. I also want to give a thanks to pennnames: Cybermat47 and 03-636 Ebullient Ancilla.\_

\_Okay I'm talking too much now let's start.\_

In the night sky a several bright pinpoints of the forerunner ship.

It's starts coming down from the sky.

The scene looks down a little bit of a tranquil forest, with lush forestry and a winding river but for some odd reason there was no river.

Then randomly Cortana starts speaking, "They let me pick. Did I ever tell you that? I had to choose whichever asshole I wanted."

The broken parts of the ship or a random thing that was on fire getting closer.

She continued, "You know me. I did my shit for you. And watched as you became an asshole to everyone. Like the others you were a dumbass

and a retard. A natural dickhead. But you had something that no one saw but me."

The fire ball is getting closer.

She continued (Jesus Christ! Are you finished!), "Can you guess? Sorry figure it out."

Then you hear chief yelling, "BIIIIIIIIIIITCH"

He was interrupted by the crash.

The camera views down toward the forest, with the sun streaming through the trees onto the smoking ruin where the object hit the ground.

The camera zooms in on Johnson's cap.

It says "Got to love the ladies."

The marines found chief laying on the ground.

Johnson replied, "Stay sharp!"

Then turns toward Marine Corpsman and gave a nod.

Corpsman replied, "His armor is locked up and he has no vital signs."

Johnson replies, "Radio VTOL. We are leaving him here."

He said that while taking out the chip that Cortana was in.

Then chief grabs Johnson's hand while getting up and saying, "Oh hell naw! You are not leaving me here!"

Johnson sighs, "Crazy green fuck! Why do you always jump? One day you're going to land on something as stubborn as Cortana."

Chief eyeballed him. "You fucker!"

He pulls up Cortana's chip and says, "She stayed behind."

Johnson replies, "Oh I was about to ask you but okay then."

Pauses for a moment.

"Corporal? Make it quick."

Then the marine walked to chief then said, "Sorry sir. Your armor's still in partial lockdown."

Chief sighs, "I always hated this part."

\_5 hours later.\_

Chief is pissed, Johnson is pissed, The Arbiter is getting pissed.

Then chief finally yelled, "ARE FUCKING DONE YET!"

Marine replied, "I've been done."

Chief still pissed replied, "Why didn't you tell me then?!"

Marine said with a troll smile, "I forgot."

Then started singing the TROLOLOLOLOL song.

Chief grabbed Johnson's pistol and shot him.

He died (LOL).

The Chief looks around, taking in his surroundings.

Somewhere near him is a familiar sight...the heat-wave effect: The Covenant Active Camouflage Johnson gives it a nod.

An Elite decloaks, revealing itself to be the Thel Vadum which is the Arbiter.

Chief points the pistol at Thel.

Johnson steps in front of chief saying, "Don't kill him he's with us."

Then walks toward chief.

"Come on now. We got enough to worry about without you two killing each other even though it will be comedy in my book."

Chief puts down the pistol.

Then the Arbiter said, "Wow."

Then walked away while saying, "We must go the Brutes have our scent."

Then Johnson replies, "Then they must love the smell of rape and I'm kind of scared."

\_thanks for reading, review please\_

## 2. Chapter 2: Sierra 456

**\*\*Halo 3 Screwed Up Version\*\***

**\*\*Chapter 2: Sierra 456\*\***

\_Back again to read a funneh chapter I see. Hmm NOPE.\_

"First squad, you're my scouts. Move out! Quiet as sex." ,says Johnson.

Chief replied annoyed, "That's not quiet dumbass."

Johnson answered embarrassed, "Oh."

Then they started heading for their extraction.

They stopped to hear a brute howl.

Chief pulled up his rifle while saying, "I hate wolves."

Johnson replied annoyed, "Wow."

Then Sergeant Gunny Reynolds said over the COM, "Johnson, you be advised. Hostiles are \_static \_on the move \_static \_I've got eyes on a \_static \_Brute Pack having sex. Over."

Johnson replied to himself, "\_What the fuck?!"

Then the marines, Thel, Chief, and Johnson saw a phantom drive by.

Chief replies, "Hey guys! There's a phantom."

Thel snapped sarcastically, "Oh really? Thanks for the update retard."

Chief said angrily, "Why do you covenant keep calling me that?!"

Johnson said to Chief, "Okay my team will go up this water fall and you and the Arbiter go toward the river."

Chief looked at the Thel and Thel did the same and Chief said angrily, "Oh hell no! I'm not staying with this pussy mouth faggot."

Thel got angry and pulled out his energy sword and said angrily, "You waste of life!"

Johnson interrupted, "Go already!"

Chief and Thel replied angrily, "Fine!"

Then brutes came out of nowhere, "Fuck." was all chief said.

\_5 hours later.\_

Chief and Thel ended up on a cliff.

Thel pointed at a building and you can see Johnson getting kicked around by a Brute.

Then they put him in a cell.

Chief sighs, "Oh great! Now I got to save his little ass."

\_Another 10 minutes later\_.

Chief and Thel battle their way across the dam, taking down the chieftain.

They finally reach Johnson, who was about to get raped by a brute till chief killed him.

Johnson said relieved, "Oh thank God once they capture you they rape

you till you die."

Chief yelled, "HAH GAAAAAAAAY!"

Then a lot of covenant came out of nowhere.

The face palmed.

After when they all died, pelican came and picked up Chief and Thel.

And Johnson somehow ended up on the pelican.

Then the pelican Kilo 23 took off.

While in the pelican, Johnson gives Chief a pat on the shoulder appreciatively and walked into the cockpit.

Then they fly off to the sunset to the next level where they landed.

Sorry for being so short blame school because their assholes for giving me tons of homework

### 3. Chapter 3: Crow's Nest Kaw Kaw Kaw

**\*\*Halo 3 Screwed Up Version\*\***

**\*<sup>2</sup>Chapter 3: Crow's Nest Kaw Kaw Kaw\***

Derp derp derpity derp XD let's get wet I mean started

\_p.s. sorry it took so long, school is fucking gay\_

Kilo 023 touched down.

Medics load an injured marine on a stretcher and move like sonic.

Chief, Thel (Arbiter), and Johnson got off the pelican.

Then randomly Johnson says to the book writer (which is me :3), "Why am I always last?"

I replied, "Ugh. Fine!"

Johnson, Chief, and Thel got off the pelican.

Then Johnson answered, "That's much better."

Marines are sitting by the landing pad see chief get out of the pelican.

Then chief interrupts, "Why is Johnson first?"

I replied angrily, "I'M NOT MAKING ANY MORE CHANGES!"

Chief answers, "Aw fuck me."

Commander Miranda Keyes came out of the landing pad to meet Johnson, 'Vadam and Chief.

Chief interrupts again, "Seriously? Why am I last now?"

Then I put a big ass pistol to chief's head.

Chief said nervously, "Um never mind."

I said, "Exactly. Now shut the fuck up and let me narrate."

Keyes questioned Johnson, "Where did you fine the green shit?"

Johnson replies with a laugh, "He was napping out back."

They salute as she salutes back and smiles.

Chief started getting pissed about the comment Miranda said.

Then she turned to chief, "Let's get you up to speed."

Down in the hallways of the base, wounded Marines have laid against the walls.

Two Marines were chatting to each other.

Then they noticed Commander Keyes and the Master Chief.

They make their way and saluted while chief gave them the finger.

Keyes started explaining some random shit about well uh shit.

The chief question, "What about Dahalo?"

She replied, ""We stopped it, but only temporarily. Now, the Prophet of Truth is looking for something called 'The Ark', where he'll be able to fire all the Dahalo Rings. If he succeeds, Humanity, The Covenant, every sentient being in the Galaxy..."

Chief said shockingly, "Those rings, man. They will fuck us in the asshole."

Chief replied, "That sounds like it hurts."

Chief had a cold chill, scared, "It does."

A technician who is running the base said to Keyes, "Ma'am, I have Lord Hood."

Commander Keyes ordered, "Patch him through."

Then Lord Hood appeared on the main screen.

He replies, "Good news, Commander Keyes?"

Keyes looks at Chief and give him a weird look for no apparent reason and says, "As good as it gets, sir."

Hood replies annoyed, "Of course you're still alive."

Chief replies to himself, "\_Don't talk to me like that you old fuck\_\_\_.\_"

Hood replies (fucking speeches), "Anyways I'm confident â€“" (Oh thank God).

The power went down, but somehow no one gave a fuck.

Then the Technician angrily said after 5 minutes, "God dammit!"

Then the Prophet of Truth (he actually lies) appeared on the screen.

He says happily, "Hey guys! I'm on T.V.! OMGWTFBBQ! I'm awesome like Prussia"

Then he realized that he was talking to the humans.

"Ohâ€|uhâ€|I will activate the rings and kill you all, and your retard won't stop me. HAHAHAHAHAHAHAHA!"

Then the power turns on.

Sergeant Johnson was watching porn on the computer.

All he said was, "Damn."

Chief questioned angrily, "Why does everyone call me a fucking retard?!"

Everyone ignored him.

Chief said to himself, "\_Of course.\_"

Keyes came to her senses and said, "We're about to get attacked!"

Chief said in a PewDiePie way, "I fucking knew it!"

Keyes yelled to everyone, "Alright everyone time to go to war."

Then everyone cheered like in one of those Teletubbies show.

Chief grabbed a weapon while being ordered to defend the hanger.

\_4 years laterâ€|hell no it's not halo 4 screwed up version yet.\_

\_4 hours laterâ€|now that's much better.\_

Chief huffed and puffed and blew the house downâ€|waitâ€|what?

He got out of the hanger.

Then he was ordered to head back to the room with t.v.'s, people, where Truth gave his retarded speech and stuff.

Chief saw a bomb and said shockingly, "Why the hell is a bomb

here?"

Johnson replies in a good mood, "Because we are going to blow this fucking base with the Covenant inside."

Chief replies loudly, "HELL YEAH!"

Johnson activated the bomb and got the hell out.

Chief went down a random elevator and blew up.

Then you randomly hear Chief have a Cortana moment, "This place will become your home and your tomb."

\_Well, what do u think? Review and like me and book and follow.\_

#### 4. Chapter 4: Tsavo Highway Up My Ass

\*\*Halo 3 Screwed Up Version\*\*

\*\*Chapter 4: Tsavo Highway Up My Ass\*\*

\_Funny chapter isn't it. Okay. Now let's read this shit.\_

\_p.s. The White VS Green: I have moved away from my team for a few reasons but I haven't abandoned or forgotten them and you people. There will be a chapter soon.\_

\_Thank you! Now on this story ha ha!\_

Chief started waking up and no one cared about him while he was waking up.

He looked around saying, "What the hell happened?"

â€|and of course no one answers him (LOL).

He goes to the elevator wreckage and says, "Umâ€|"

Then points at an injured marine, "He did it."

The injured marine face palmed while a marine Corpsman starts helping the injured marine.

The injured marine said to Corpsman in pain, "Ah! I've got a broken rib."

Corpsman said angrily, "Do you want to bleed like a woman's on her period?"

The marine shook his head.

"Then I've got to keep pressure on the wound."

Then the wounded marine forgot about the conversation and said, "I think I broke something."

Everyone in the whole GOD DAMN room turned into a "You Don't Say" face/meme.

Chief grabs a warthog and drives out abandoning everyone.

\_Hours of running over the little bastards (covenant) and jumping out and killing covenant then respawning over a plasma pistol shot and holy crap a talking tuna fish later.\_

Chief makes it to a shield barrier and destroys the power source behind it.

Anyways, what dumbass puts the power source behind the shield, I mean really?!

By the way chief is at the end of the highway.

Some Pelicans, including Kilo 23 arrives and drops off marines and Warthogs.

Commander Keyes is piloting one of them.

She calls over the COM to the Good Lord Hood, "We made it!"

Hood replies, "Music to my ears. What about the Ark?"

Keyes answered, "Fully, uncovered sir."

Hood snapped, "Well, hurry the fuck up! I want it now!"

Keyes said, "Yes sir!"

The pelicans flew off.

Then chief draws hid MA5C and walks to one of the Warthogs to retake Voi from the retarded Covenant.

\_Thanks for reading review and check me out on youtube its halofan7217 but for some odd reason its supposed to be Neptin Shumabe\_

\_Sorry for being so short there wasn't that much summarizing\_

## 5. Chapter 5: The Storm Chasers

\*\*Halo 3 Screwed Up Version\*\*

\*\*Chapter 5: The Storm Chasers\*\*

\_Hello everyone have you heard of the show called "the storm chasers" that's why I named this chapter that way lol now let's get started.\_

A Convoy of three Warthogs went down a tunnel on Tsavo Highway Up My Ass with Chief riding shotgun in one of the warthogs.

Commander Miranda Keyes who is now becoming a bitch like Cortana, says, "Chief, the Prophet of Truth has found the Boat."

Chief questioned, "Da faq is a boat."

Keyes answered annoyed, "The Author decided to be a dumbass and changed from the Ark to the Boat."

Chief laughed, "Good one Author."

Then the Author (which is me) gets pissed, "Quit talking about me and focus on the story."

Keyes continued, "Our only chance of stopping him is a surprise aerial assault. Clear this sector of Covenant anti-air defenses who make our ships have an asshole and fuck them. Good hunting. Keyes out."

Chief said in relief, "Thank God she's done thank goodness I was taking a snooze while she was talking."

The Warthogs emerged from the tunnel in a parking lot with tons of metal that my step-brother would love to sell.

The Warthogs stop because a big fucking door is blocking the way.

Chief jumped out and walked over to the door and beside it was a button and chief pressed it.

The door opened.

Sergeant Reynolds said to chief, "Ready when you are chief. Open the door and take point. We'll cover you with the .50, oh and don't fucking ditch us like you did last time."

Chief said with a troll face, "Okay."

Chief opens the door to an empty factory section.

He moves up a flight of stairs and sees that the Covenant who are listening to one of Truth's sermons.

Chief interrupts the sermon and throws TNT and blows it up.

Chief made an evil laugh when the covenant died in the process.

Then randomly Reynolds says, "Chief opened the door so we can roll on through."

Chief got pissed, "Hey, dumbass the door has been open."

The marine squad was outside the whole time.

Reynolds replies, "Oh yeah."

Chief sighed in annoyance, "Why did the director put me with these idiots."

While in the tunnels chief found a ghost and drives it out of the

building and into a big ass field.

The marines, who were following chief, drive out with mongooses.

Chief turns around and sees the marines and says, "I thought there were two warthogs."

One of the marines replied, "Well, the warthogs decide to explode randomly and then there were two mongooses."

Chief replied shockingly, "So the Warthogs' do make a mongoose."

Randomly a Covenant Scarab appeared in mid-air, behind chief.

It's just looking at chief.

Marines looked terrified.

Chief said, "There's a big scarab behind me isn't there?"

Then Reynolds said, "Uh huh."

All chief said was "fuck".

Then chief blew up and so did the marines.

Chief survived and took the mother fucker out.

The marines, however died (LOL DUMB SHIT).

Johnson said over the com impressed, "Well done chief! Now there's one more target, a Covenant AA gun. Take it down and the Good Lord Hood can start fucking up the Covenant in the ass which don't exist because the makers didn't put an ass on the Covenant troops."

Chief questioned to himself, "\_How the fuck do they have sex\_?"

Chief forgot about it and started heading to the AA Gun.

They dropped Thel (Arbiter) in the process.

Chief saw Thel and said to himself, "\_God Dammit\_."

Then randomly chief had a "Cortana moment", "I am your shield. I am your sword."

Chief questioned out loud angrily, "WHY THE FUCK AM I HEARING CORTANA EVEN THOUGH SHE'S NOT IN MY FUCKING HEAD?!"

\_Roughly ten minutes and fuck you Prophet of False later.\_

Chief and Thel destroyed the AA Gun who was shooting at nothing.

Then a flood ship came out of nowhere, driving a Covenant Cruser, and crashed.

Thel questioned, "What is it? More Brutes?"

Chief questioned annoyed, "Do you ever listen to the fucking narrator?"

Then the game decided to crash.

Then the narrator had nothing to narrate. :,()

\_thanks for reading and don't worry the last lines don't mean that i'm done with the halo screwed up series\_

## 6. Chapter 6: Swampgate

\*\*Halo 3 Screwed Up Version\*\*

\*\*Chapter 6: Swampgate\*\*

\_\*phone rings readers pick up\*\_

\_WWWWWWWWAAAAAAAASSSSSSSSSSUUUUUUUUUUUPPPPPP!\_

\_ \*I hang up\_\*

Outside of the city, the Chief and Thel (Arbiter) are still standing under the Covenant AA gun which is destroyed.

Then randomly the sky went dark with thick smog from the flood cruiser.

You could hear growling noises with a little yelling like someone just had a huge orgasm.

Miranda Keyes said shocked and sort of scared, "The flood! It's spreading all over the city."

Chief replied, "God dammit it followed me home."

The Good Lord Hood questioned, "How do we contain this shit?"

Keyes answered, "Find the shit ship and overload its engine core. We either destroy this fucking city, or we can all die."

Thel replied, "I'd choose to destroy the city."

Chief answered, "Fuck that I want everyone to die."

Everyone replied shocked, "WHAT?!"

Chief stuttered, "Uhâ€|I meanâ€|lets save the planet. That's what I meant."

Keyes replied, "That's what I thought. Now go to the crash site."

Chief can see in the distance and marines getting mutated into Combat Forms.

Then Chief and Thel re-enter the city.

A marine sergeant said over the COM, "All squads, report!"

All you can hear is "AHHH" this and "AHHH" that.

The sergeant said over the COM, "Okay! Never mind then."

Chief laughed, "Dumbass!"

Then while he was having a laughing, he had another "Cortana Moment", "Chief! I can't tell you everythingâ€|it's not safe. The Gavemindâ€|it knows I'm in the sys-\_connection drops\_).

Chief shrugged, "So."

Thel questioned, "What?"

Chief answered, "I was talking to that bitch Cortana."

Thel said confused, "â€|but she's not with you."

Chief said shocked, "Ok well then something's wrong with me."

With no time to spare, the Chief and Thel make their way to the lake bed.

Then Ratas said over COM, "Humans, we will support you in this matter."

Keyes said shocked, "Oh! Umâ€|okay."

Then the elites started fighting alongside the Chief and Thel.

Keyes said to chief over the COM, "Chief the Elites are looking for something. We didn't believe them when they told us."

Johnson said shocked, "It's Cortana, Chief! She's on that shitty ship! Go get her!"

Chief said annoyed, "Aw, fuck!"

\_A few minutes of complaining about Cortana later.\_

Chief, Thel and the elites arrive at the crashed shitty ship.

Thel said to Chief, "We will stay here. We won't let anyone pass."

Chief nodded and jumped in.

He landed and said while looking around, "Oh stupid bitch. Where are you?"

Then chief had a Gravemind moment (oh great -- there are Gravemind moments now), "Do not be afraid. I am peaceâ€|I am salvation. I am a timeless chorus. Join your voice with mine, and sing victoryâ€|everlasting!"

Chief answered loudly, "You are not a fucking god!"

Then flood came out of nowhere.

He can see a glowing blue in the distance.

Chief said shocked, "Cortana!"

Chief turned into try hard mode and killed the all the flood in the ship.

He went to Cortana and found 123 Innocent Spark Plug.

Chief said shockingly, "Oh God no, kill me now!"

123 Innocent Spark said happily, "Reclaimer!"

It's just a recorded message of Cortana.

Innocent Spark began to interface it with a beam projected from his central eye.

Chief took it away from him, "Leave her alone!"

Spark replied, "If we do not take this device to a safe location, it will suffer further trauma. I can also make repairs."

Chief said accusingly, "On Dahalo you tried to kill Cortana and me you sick fuck."

Spark said defensively, "Well, she had the activation index and you were going to destroy my installation. You did destroy my installation. Now I have only on function: to help you Reclaimer. As I always should of done."

Chief just stared at him while he took the recorded message of Cortana from him.

A phantom activated a gravity lift and chief flew up and inside.

The phantom flies to the Sangheilian (elite) fleet and into one of the carriers called "The Shadow of Zero Fucks".

Inside of the bridge, the elites and humans have gathered around a holographic table.

Ratas (Ship Master) is sitting on a floating gravity chair (aw man I got to get me one of those).

Chief and Thel are in the middle, and Hood and Keyes are at the far side of the table.

Everyone is silent except Tony Starkâ€|I meanâ€|Innocent Spark, who is bobbing at the center of the table trying to get the recording of Cortana to work.

Then Ratas questioned, "Will it live, Oracle? Can it be saved?"

Spark answers, "Uncertain. It has suffered a lot of trauma and it's highly unstable."

The Good Lord who is in the Hood replies, "Perhaps one of our techniciansâ€|"

Ratas said sternly, "That will not be necessary."

When Spark finished his work, the recording sprang to life and a holographic projection of Cortana (bitch).

She yells, "Chief!"

Spark replied happily, "Success!"

Chief says relieved, "Oh thank God it's just a recording."

Ratas answered, "Let it play."

The recording of Cortana continued, "High Charity is on its way to Earth. With an army of green fucks. I can't tell you everything. It's not safe. The Gravemindâ€|it knows I'm in the system. But it doesn't know about the Portal, where it leads. On the other side, there's a solution. A way to stop the flood, without firing the remaining Halo ringsâ€|"

Randomly, Cortana skin lights up.

She held onto her head in pain falling to the floor.

Chief started clutching his fists (ohhhh I think he's beginning to care about "the Bitch").

She continues, but softly with her voice filled with agony, "Hurry, Chiefâ€|the Boatâ€|there isn't much time."

The recording ends.

Chief is feeling depressed.

Spark turned to Chief, "I'mâ€|sorry."

Chief said angrily and loudly, "FUCK YOU GAY AS FLOATING FUCK!"

Everyone started staring at Chief noticing his depression.

Ratas said, "We've heard enough. Our fight is through the Portal, with the Brutes and that bastard Truth!"

Then the Elites rise their forearms and roar in agreement.

Hood answers wearily, "Fine. We'll remain here. To hold out as long as we can."

Ratas said, "Did you not hear? Your world is doomed. A flood army, a Gravemind, has you in its sights! You barely survived a small contamination."

Hood said angrily, "And you, Ship Master, just glassed half a continent! Maybe the Flood isn't all I should be worried aboutâ€|"

Ratas got up from his chair and also angry, "One single Flood spore can destroy an entire species. Were it not for the Arbiter's counsel, I would have glassed your entire planet!"

The Good Lord Hood flipped him off.

Keyes said to Hood, "Sir, with all due respect, Cortana has a solution."

Hood answers angrily, "I don't give an ass rats about this shit!"

Chief feeling better again said, "Sir, I'm going to get Cortana's solution back."

Hood replies, "Fine then. But I won't live long enough for that."

Hood was right about one thing. He won't live long because he decided to be gay and have sex with a few elites and died from too much sex.

Then Arbiter and Johnson exchanged weapons and went to each other's ships.

Chief walked in Forward Unto Dawn.

He said to himself while looking out of one of the windows, "\_I'm coming for you.\_"

\_That's it! Chapter 7 will be posted tomorrow or the day after...or sometime later -\_-.\_

## 7. Chapter 7: The Boat

\*\*Halo 3 Screwed Up Version\*\*

\*\*Chapter 7: The Boat\*\*

\_Hello once again peoples LETS READ!\_

The Sangheili (elite) cruisers and the "Shadow of Zero Fucks" assault carrier arrive on the other side of the slipspace portal.

The Forward unto Dawn which changed to The Backward unto Dusk are with the Sangheili fleet.

A colossal structure is below them (it's the Installation 00, why isn't anyone saying it) and a Covenant fleet is straight ahead.

Inside the bridge of the Shadow of Zero Fucks, a Sangheili Major alerted Ratas, "Brute shitsâ€|I mean ships. Staggered line! Shitmasterâ€|I mean Shipmaster, they outnumber us, three-to-one!"

The Major sucks at Englithâ€|. God dammit so do I! (jk lol)

ODST's and Dumbass Marines board a pelican with The Chief.

They leave and land on the installation 00 orâ€|you know what?

Just call it the fucking boat!

Chief and two ODST's jumped out of the pelican.

As the team moves on, one spots what looks like a galaxy in the sky.

One of the ODST's said, "Holy merry mother of God and call me a saint, is thatâ€| "

Chief answers, "Dude, really? You're going to die if you mention it."

He said, "Never mind then."

The ODST's which turned into marines (how the fuck) took up their positions up the ledge and their overlooking a Covenant encampment.

An ODST in red armor who is the squad leader turns to Chief, "Hey Chief I have aâ€| "

He was interrupted by Chief's sniper rifle which killed a brute.

The ODST decided to fire at the Covenant without saying another word.

\_5 hours of talk, talk, talk, talk, and SHUT THE FUCK UP later.\_

They finally at the end they reach the boat control room and then they leave for some odd reason.

\_Thanks for reading i know this one was short but don't worry the next one will be about 1,000 words or more...or less\_

## 8. Chapter 8: The Covenant is Retarded

\*\*Halo 3 Screwed Up Version\*\*

\*\*Chapter 8: The Covenant Is Retarded\*\*

\_Hey guys I was enjoying spring break but now shit school is back so now let this chapter begin.\_

Five Pelicans flew to the mainland on the installation 00.

They are followed by two Separatist Phantoms.

Behind them is the Sangheili (elite is what humans call them) Shadow of Zero Fucks.

The view changed to a large energy barrier surrounded by the Covenant of side with the Prophet of False (Truth).

While flying in the air Commander Miranda Keyes questioned over the COM, "When we hit these three generators, the barrier will fall correct?"

123 Innocent Spark Plug replied over the COM, "A small section, yes."

A grunt saw the dropships as they approach the mainland.

It jumps and cowered like a fucking pussy ass bitch.

Chief questioned to 123, "Why not a bit section?"

123 Innocent Spark replied, "Do you really think we can take all 1,000,000,000,000,000 of these generators?"

Chief said shocked, "Da faq?!"

123 answered, "I didn't think so."

Keyes ordered, "Good enough. Johnson, drop the Chief at the first generator, then head to the third. The elites will punch right down the middle."

Johnson replied, "Roger that."

They get shot down that chief was in.

Poor chief, something bad always happens to him, but no one gave a fuck.

The pelican that chief was in made a rough landing after being shot by a Covenant Wraith.

When they landed, chief grabbed a Spartan Laser and jumped out.

Chief had a :3 on him while firing it.

After when he killed all the covenant on the part of the mainland.

A pelican dropped a mongoose and chief got on and drove to the first tower.

\_Derp minutes later.\_

Chief made it on top of the tower.

Keyes said impatiently, "Chief, find the tower controls, and shut it down."

Chief got angry, "Bitch don't be like Cortana because she tells me what to do, not you."

Keyes said annoyed, "I'll be like her if you don't turn it off."

Chief said pissed, "Fine! Just give me a fucking second."

After when chief was finished talking to Keyes, he sees a Brute

Chieftain masturbating.

No wonder why the floor was slippery chief thought.

Chief killed him and turned off the tower.

Keyes said, "Fucking finally chief! Now, the Arbiter should just about toâ€¢!"

The 2nd tower turned off.

"â€¢that's two! It's all up to Johnson's team now."

Everyone watches the 3rd tower for a moment and it's still active.

Keyes said annoyed and impatient, "Great, not Johnson is taking fucking longer than you are Chief!"

Chief mumbled, "I'd like to see you turn off a tower you rotten bitch."

Johnson said with static over the COM, "Fire's to heavy! Oh my God their horny!"

He yelled to his troops even though their dead.

"EVERYONE FALL BACK!"

Keyes said shocked, "Sergeant Major Johnson, can you hear me!"

She sighed, "Chief, you need to link up with the Arbiter and proceed directly to the 3rd tower. Make your way back to the beach."

Chief made it out of the top floor while Jackals and Grunts are attacking Marines.

Chief ran in front of them and killed them all including the marines because they were in the fucking way.

It happens in the game.

I hate people getting in the way and I'm sure you guys feel the same.

He made it outside and a marine who was driving a Hornet.

If you don't know what that is, look it up.

Chief jumped in crashed in the top floor killing the covenant guarding the controls for the tower.

Chief turned off the tower and then the barrier falls.

The Shadow of Zero Fucks advances on the Citadel (whatever the fuck that means).

A flood pod crashes into the hull of the ship and then breaks apart in midair.

Chief said annoyed, "Aw fuck me."

The pod hit the window and bounces off.

Chief laughed, "FAIL!"

Keyes said shocked, "Shipmaster, what's your status?"

Ratas (Shipmaster) answered after his ship got fucked in the ass, "Significant damage! Weapon system disabled!"

Keyes ordered, "Move to a safe distance, stay away from the flood."

Ratas questioned, "Why would the Parasite come here?"

Chief answered, "Because they want to fuck us in the ass."

Thel (Arbiter) said to Spark, "Go to the top of the hill, Oracle, no higher. We cannot risk your capture by the Flood."

Keyes said to Chief, "Alright then, Chief go and kill the Prophet of Truth."

Chief said relieved, "Finally, some action!"

One final effort, a song from the Halo 3 soundtrack started playing.

Randomly Chief teleported in front of the bridge to the building of the Boat (Ark) along with the Arbiter (Thel).

Two Scarabs appeared out of nowhere behind Chief and Thel.

They both destroyed the two Scarabs and ran across the bridge and Spark said, "OMG! If only we had more time!"

Chief and Thel both yelled Spark, "Shut the fuck up!"

Chief and Thel turned to each other.

Turns out they had a lot in common (HAH GAAAAAAAAYYYYYYYY).

They made it across the bridge and they both walked in a large room with viewscreens on each side.

The Prophet is making another speech.

Chief got annoyed and shot all of the screens.

Thel looked at him. Chief said, "What? I hate speeches."

Then chief had another Cortana Moment, "It asked, and I answered. For a moment of safety, I loosed damnation upon the stars."

Chief said annoyed, "Again, I didn't understand what the fuck she said."

Thel and Chief find an elevator and activated.

Keyes questioned, "How close are you?"

Chief said annoyed, "We're not even fucking close."

At the control center, Johnson got thrown on the floor by a brute.

Truth yelled, "Stop you imbecile! He wants you to kill him!"

Truth turns around and says to himself, "I'd prefer that you did notâ€|"

Johnson replies with a smirk, "What's wrong ugly? Can't start the party?"

Truth answers, "I'll admit. I do need your help."

That's because he's lazy as fuck and doesn't want to do it himself.

Keyes crashed and died because of her terrible piloting.

Johnson saw who it was and yelled, "NOOOOO!"

Truth blinked a few times, confused and shocked about what just happened.

Truth grabbed Johnson and made him start the Boat.

Truth raised his arms like he just praised the Forerunners that he just climaxed or something.

All the rings light up except installation 04 because chief blew the mother fuck up on the Halo Combat Evolved Screwed Up Version.

Chief and Thel made it to the top of the elevator and was about to run and kill the False fuck, but one of the Flood Forms stopped right in front of them.

It said in a Gravemind voice, "Don't shoot, but listen! Let me lead you safely to our foe. Only you can halt what he has set in motion."

Chief said, "Eh, fuck it lets kill Truth."

Thel agreed and ran with chief down the hall along with the flood.

They killed the Covenant who were guarding.

Like they'll survive XD.

After a few minutes, they made it to the Control Room and chief turned it off.

Truth yelled in pain, "NO! Iâ€|amâ€|Truth! The voice of the Covenant!"

Thel said, "Asshole! You must be silenced."

He stabbed Truth with his energy sword.

HE FINALLY DIED, THANK YOU JESUS!

Thel roars -\_- (wow).

Johnson was holding the dead Commander Miranda Keyes.

Johnson was sad.

Chief giggled to himself, "The two star-crossed lovers like Romeo and Juliet."

Then the flood had no food (bodies) left to eat and started attacking Thel and Chief.

Johnson found the crashed Pelican and left their asses.

Then Chief and Thel somehow ended up on a cliff edge and see a Dahalo.

Thel turns to chief, "A replacement for the ring you destroyed."

All Chief said was goddammit.

Chief said to Thel, "I'm going to light this bitchâ€|again."

Thel questioned, "How will you light it?"

They both turn to look at the crashed High on Drugs in the distance.

Chief said to the Arbiter, "Cortana still has the index from the last Dahalo."

\_This was a fucking long chapter so you better have read it ;)\_

## 9. Chapter 9: Cortana The Annoying Bitch

\*\*Halo 3 Screwed Up Version\*\*

\*\*Chapter 9: Cortana The Annoying Bitch\*\*

\_Just to let you guys know the chapter name is so true and I can agree that people approve of the statement orâ€|chapter. Well let's get this done.\_

\_P.S. This is a short chapter and a serious one so to avoid copyright issues, I'm going to try my absolute best to make this shit funny.\_

Chief decided to drive a banshee to the High on Acid (I see Dragons O\_O) I mean High on Drugs.

He tripped and fell into a hole (I love making my characters suffer).

He got up, taking his surroundings and saw yellow, orange, green and a shit ton of stuff that looks disgusting (could be the acid but

maybe not).

\_Ok now we're done talking about acid now back to the story.\_

Johnson said over the COM, "Chief, I'll round up survivors, and fall back to the Dusk. Arbiter will do the same with the Elites. Cortana's in there somewhere."

Chief said to himself, "Mother fuck, cock sucking, and son of a bitch."

Chief just avoided the complaining and decided to head on finding Cortana while killing flood throughout.

\_About an hour later because it's all Cortana and Gravemind moments.\_

Chief finds Cortana who is surrounded by a shield of some sort.

Chief breaks it because he likes breaking stuff.

It went all silent and thenâ€|"Holy shit you found me."

Chief looks worried about Cortana.

She continues in a weak tone, "But I feel weird like I just got so many tentacles fucking me."

Chief trying to avoid that awkward moment says, "You know me when I make a promiseâ€|"

Cortana finished, "You forget about them till the very last moment."

She sounded amused, "I do know how to pick them."

Chief said, "Hell yeah! Do you still have that stick thingy?"

Cortana said, "Yeah the Activation Index from the first Dahalo ring."

She looks around and questioned, "Can we get the fuck out of here now?"

Chief got pissed, "Bitch I came to save your sexy ass. What do you think I was going to do? Say hi and leave like one of those visitation sessions?"

Cortana replied, "Um ok so what is your plan?"

Chief thought about it for a moment and said, "Thought I'd try blowing my way out."

Cortana said, "You know that sounds so wrong right?"

Chief ignored her and he inserted Cortana back into his armor.

Then she said, "Just keep your head downâ€œ! There's two of us in here now, remember."

Chief replied, "You're still a bitch remember."

Cortana laughed not realizing that Chief actually meant it.

Chief made it out of the room that was holding Cortana.

Cortana said in a weak tone, "We need to buy us some time!"

Luckily Chief knew what Cortana had planned.

Chief blew up the reactors and got the hell out of there.

Later he found Thel (Arbiter) using a mother fucking flamethrower.

Cortana said shocked, "What the hell? You two made nice. Does that mean you guys are gay?"

TheL heard it and questioned, "What's gay?"

Chief said hesitated and said, "That means happy or male x male."

TheL said, "Interesting, I got to try that."

Chief freaked the fuck out, but got over it and grabbed a pelican with Thel (Homo) and got the hell out.

They both headed out to the new Dahalo ring.

Yup it's fucking installation 04 fuck.

\_Thanks for reading only one more chapter to go!

## 10. Chapter 10: Dahalo Again

## \*\*Chapter 10: Dahalo Again\*\*

\_OMGWTFBQQ FOSJFPOJFOPDJSPOFK JKOPFK LAST

P.S. Happy Birthday ME on May 30, 2014

The scene starts off with a big giant tw

Then it fades into a pelican where the Chief, Cortana, and Thel

The next day, we were called back to the office to make up the time lost.

megastructure (Unknown name WTF).

Ratas said in a good mood (waitâ€|Sangheili's have feelings), "We are aboard, Humansâ€|and Elites oh yeah."

Then questioned, "Will you not come with us brother?"

Thel answered, "No. This is our fight. And I will see it finished."

The pelican is getting closer to the ring (OMG).

Cortana questioned, "Johnson? Do you have the Frigate?"

Johnson replies, "Aww yeah! Just hang on I'm watching porn."

Chief said shockingly, "Da faq?!"

Everyone hears the sound of slapping of some sort and "ahh" this and "ahh" that.

Johnson said embarrassed, "Oh sorry I didn't realize my COM was still on."

Then Johnson turns off his COM.

Chief crashed the pelican because he loves crash landings and it always happened on the second level on Halo CE and Halo 2.

Chief said shocked, "It's so newâ€|unfinished. I don't know what will happen if we fire it."

Thel tossed chief an assault rifle.

Chief says, "Time to kill and then go to Portal to head home."

While heading to the control room the Gravemind said angrily, "Did you think that I was defeated?"

Flood pods came down in the process.

Chief replies, "No, but in a matter of minutes you going to fucking die."

Thel and Chief made it on the top of the tower where they see the front doors that lead to the control room.

Johnson teleports (how da faq) on a cliff with a Spartan Laser, shooting down Flood forms.

Johnson yelled to the Spark plug, "Open the damn door already!"

Then the door opens. Chief, Thel, and Johnson ran in and the door closed before the flood came in.

Cortana questioned, "Oh fuck! Why the monitor?"

Chief answered, "Bitch! He is a friend now."

Cortana huffed, "Yea! Like I'm going to believe that shit."

They made it into the control room.

Johnson ran to the control station and was starting to activate Dahalo.

Spark Plug replied, "Don't do that you'll destroy it. It's not even finished."

Johnson said dismissively, "Deal with it."

Pluggity McPlug Plug (Spark Plug) said to himself, "but it will destroy this installation."

Spark Plug decided to use his "I'M A FIRIN MA LAZER" thing out of his "eye" and shot Johnson up close.

You can hear Cortana saying in the distance, "I FUCKING KNEW IT!"

Spark Plug shot Arbiter and Chief and that mother fucker hurt.

Chief spawned a Spartan Laser and killed Spark Plug.

HE'S FINALLY DEEEEEEEAAAAAAAAD!

Anyways, Johnson dies and Chief decided to kick his dead body off the cliff.

Chief waved good bye with a :) face.

Cortana replies in anger, "You are so fucking mean. You know that, right?"

Chief takes out her chip and plugged it in the installation.

He activated Dahalo and ran the fuck out because the control room was falling apart.

Thel said, "Well that sucks but, everyone dies."

Chief find's Johnson's warthog and Thel got on the back.

Cortana said shocked, "The Dusk is here! Let get to the ship and drive off."

Chief decided to drive to the Dusk even though there were lots of explosions (Explosions are pretty).

\_5 minutes of Easter Egg Grunt being annoying as hell later.\_

Chief drove the warthog in the ship and drove off without closing the fucking hatch (DUMBASS).

The Arbiter ran to the bridge and ditched his ass.

Cortana bitching as usual says, "We're not going to make it!"

Chief yelled, "I hope you die not me!"

Cortana said calmly, "John you a cocksucker."

Then the ring exploded.

Back on Earth, the Good Lord Hood decided to say that chief died because he's a fucking asshole.

The Arbiter was depressed and committed suicide and blah blah blah.

Back at the Dusk, WTF THERE STILL ALIVE!?

Chief decided to fall asleep in a cryotube and the last thing Cortana says, "I'll miss you."

Chief answers, "Wake me. When someone is dying because I want to see that shit." Then the cryotube closes and chief fell asleep.

Cortana nods not noticing there's going to be there for 4 years, 7 months, and 3 days until she sees him again.
